## RELIABILITY AND PRECISION

- **PID-System**  
Settable temperature of the Coffee boiler due to the new PID-system (maximum tolerance  $\pm 1^\circ \text{C}$ )
- **TRIAC-Components**  
Electronic TRIAC-Components instead of mechanical relays
- **Energy safe function**  
Reduced energy consumption in Standby-Mode due to reduction of the temperature of the boiler and the illumination

## **MILK TUNING TECHNOLOGY**

- Milk pump
- Stable quality of milk foam due to settable milk temperature for each product
- Cold milk dispenser

MACCHIAVALLEY GmbH  
TASMAN Z

## TFT-DISPLAY

- 3 levels for 7 products each

MACCHIAVALLEY GmbH  
TASMAN Z

## Comparison Tasman Z / Tasman S

- Same performance, less energy consumption
- modifiable Display (pictures)
- Integrated milk pump
- Small space requirement
- Accounting system incl. Choco
- No additional connection needed for Choco modul
- No additional electricity costs for Choco modul
- Only one water filter for the machine plus Choco modul

MACCHIAVALLEY GmbH  
TASMAN Z

## PRICES

- **Tasman**  
9.950,00 €
- **Choco Modul**  
1.050,00 €

## DELIVERY

- **15.09.2010**
